# IDENTIFICATION PRODUCTS

FOR **CSSD**

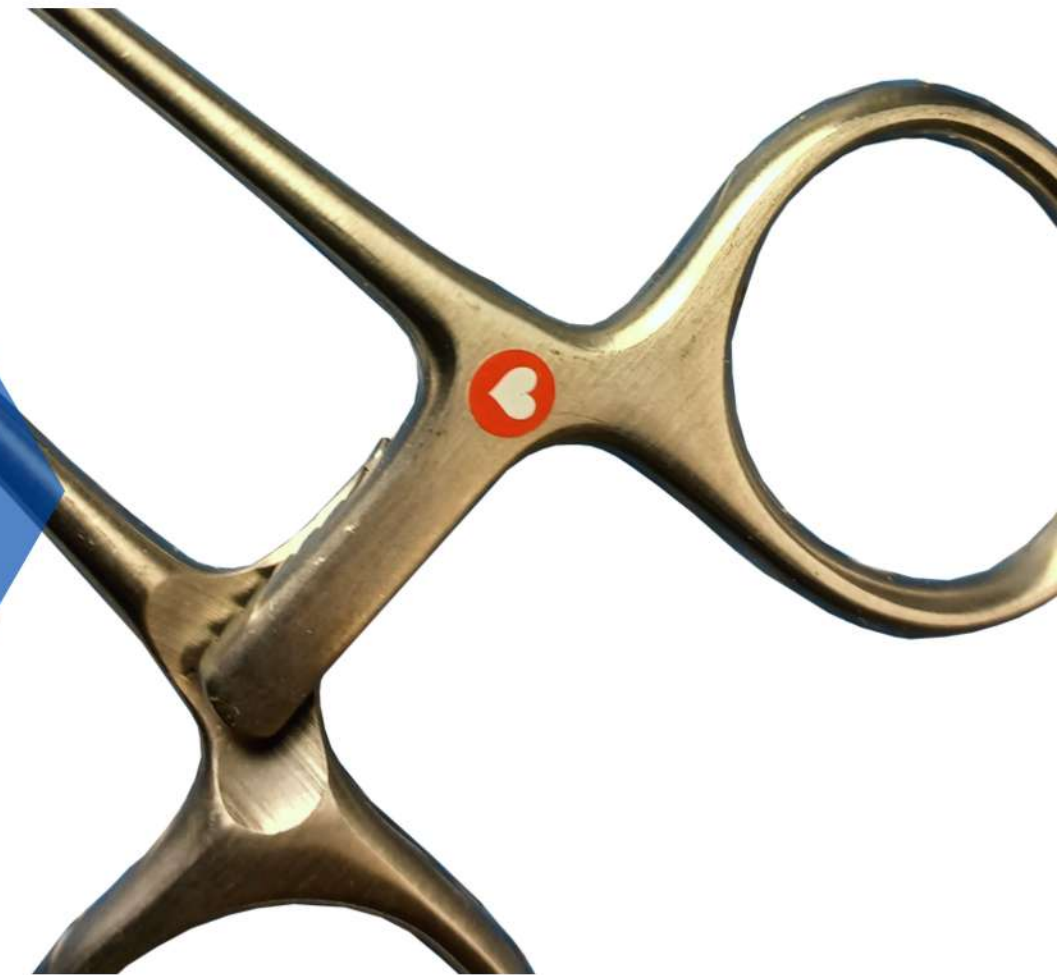

Laserilla Oy

**EST. 2008**

**“Laserilla Ltd offers for Central Sterile Services Department (CSSD) long lasting laser marked instrument tracking labels in many different colours.”**

**Colors and symbols help to identify the instruments by each customer and laser marking on them will indicate the departments.**

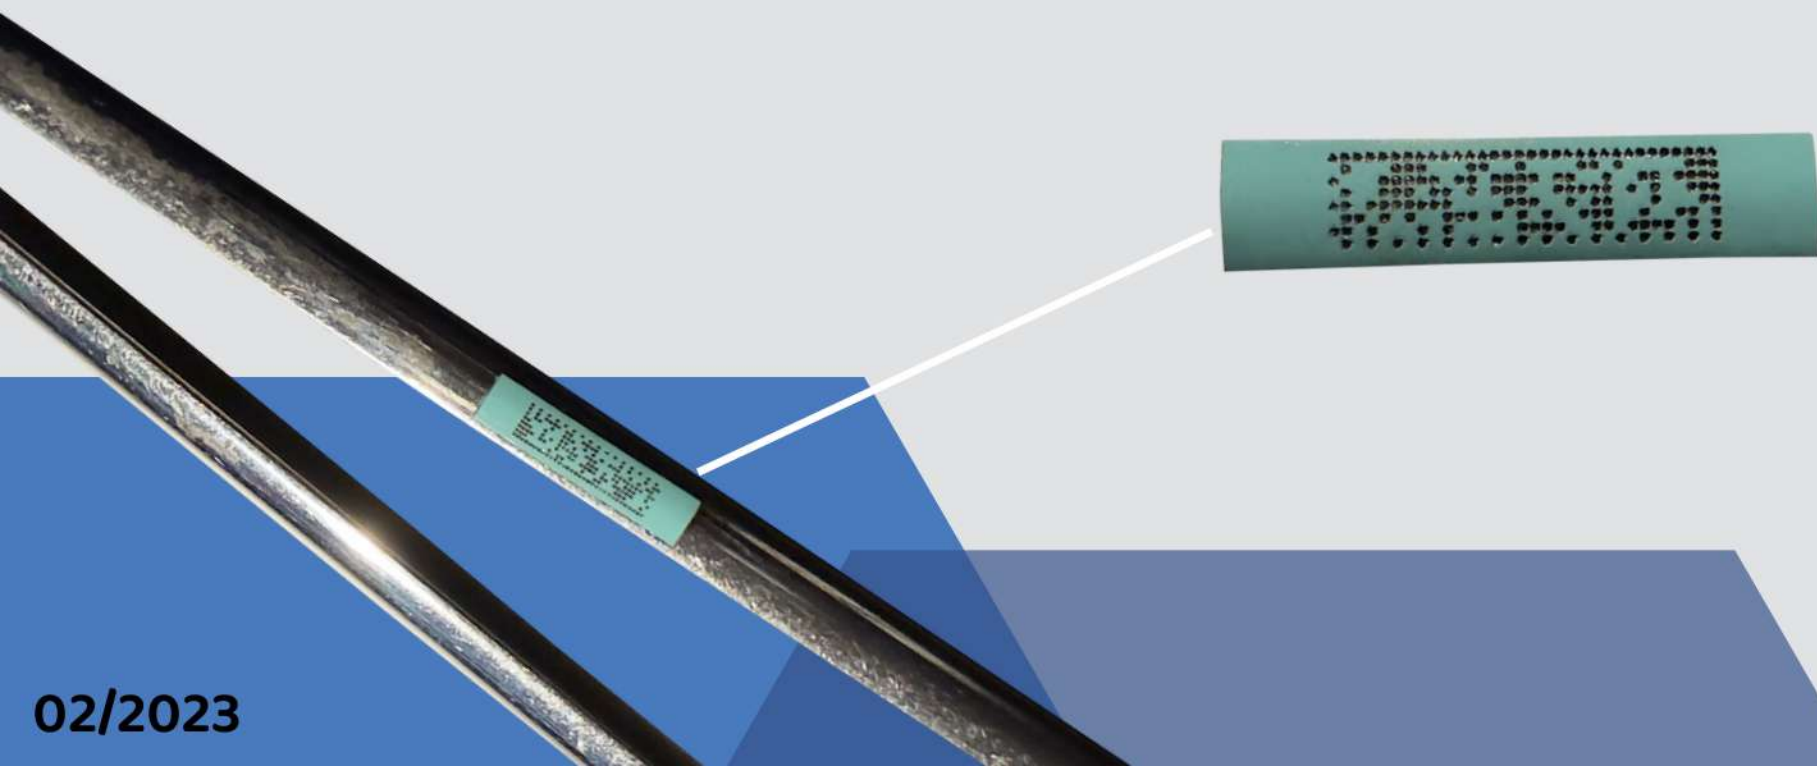

Laserilla Oy

# GENERAL

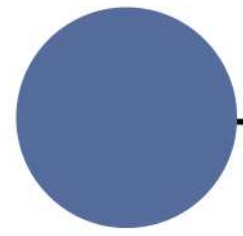

**Labels will be manufactured as per order. The most common and recognized sizes are round, with diameters: 4,5 mm, 5,0mm and 6,5 mm. Also rectangular labels are available for long narrow instruments..**

**Upon request, 2D matrix code (ECC200) can be laser mark on each label. All matrix codes will meet GS1 standards.**

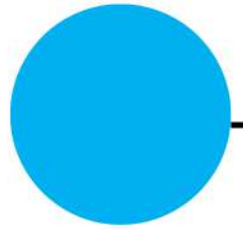

**Each color has marking in clear contrast so machine vision or human eye readability is convenient.**

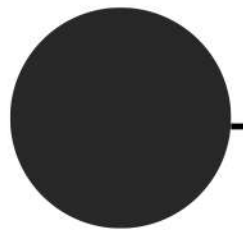

○ Suitable for most materials

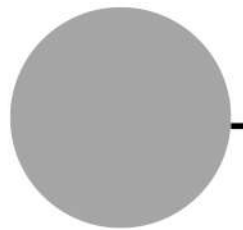

○ Clear machine vision or human eye readability

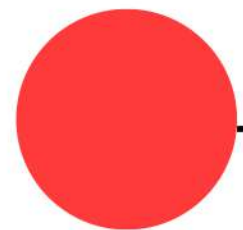

○ Long lasting

○ Easy to apply

○ Can be removed if/when necessary  
(rental instruments / before new coating)

○ Custom made PMS colors available upon request

# CUSTOMIZATION

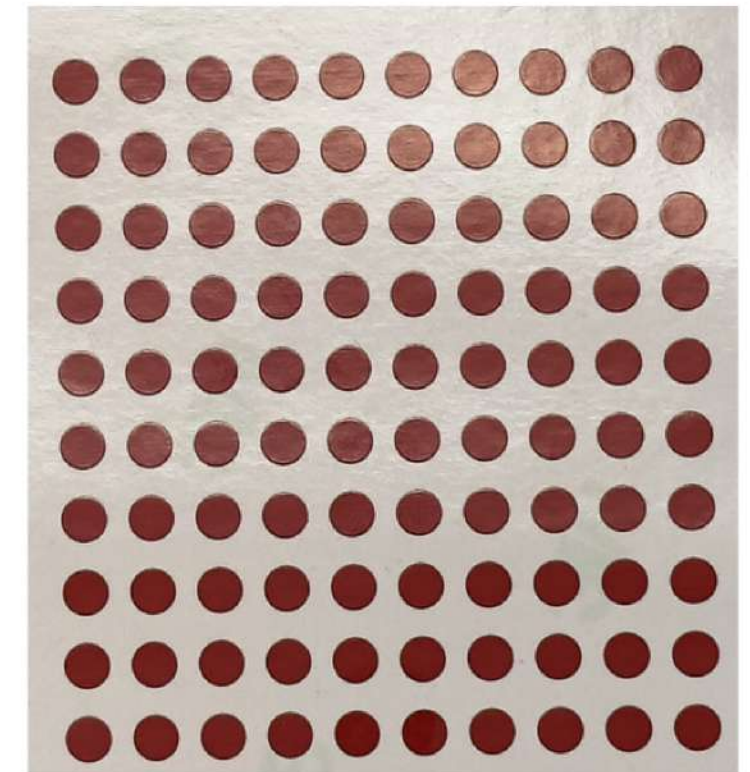

**Labels with diameter 6,5 mm or more have laser marked info of the code below 2D Matrix code.  
This is done on the label.**

**Labels with diameter 6,0 mm or less have laser marked info of the code below the label on the sheet.**

**Symbols are also available, like: heart, eye, ear, mouth etc..**

**We deliver the labels in 100 pcs/sheet.**

Laserilla Oy

# REQUEST AN OFFER

Identification labels are produced according to the customer's wishes, so the size or shape may vary.

## ATTENTION!

We recommend trial use of the labels before ordering. We are happy to deliver sample pieces for tests free of charge!
